TO THE COMMUNITY.

THE success which has attended the use of Dr. Harlick's German Aperient and Compound strengthening Tonic Pills, is truly astonishing. It is no vain boast to say this medicine has proved its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public. Many of these preparations are compounded by individuals who are positively ignorant of the mysteries of the human system, and mere pretenders to medical knowledge. Dr. Harlick, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the acquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged talents of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Europe, its reputation is established. In this country into which it has been recently introduced, it is rapidly gaining the most substantial reputation. The numerous certificates of cures of the most obstinate diseases effected by the use of Harlick's Pills, which the proprietor is constantly receiving, is proof of the fact. Day after day he receives new testimonials of their efficacy, and week after week increases the demand for them. This is not mere assertion; innumerable certificates are open for the inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesting to every family, that they make use of Dr. Harlick's Pills. Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility.—*Medical Doctor.*

All persons having demands or claims against the said decedent, are requested to make known the same to him without delay.
HENRY HUFF, Adm'r.

THIS MACHINE AGAINST THE WORLD.
IMPORTANT TO FARMERS.
DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.
The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LEONIS, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.
The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the load of any thing in this world—no grain is scattered or lost.
Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.
The Machines and Horse Power will be sold together or separate, to suit purchasers. Made and sold in Milton, by the subscribers.
W. M. WELCH,
W. M. H. POMP,
HENRY FRICK.
Milton, April 17, 1841.

RECOMMENDATION.
Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance, and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmers—who are manufacturing in Milton by Messrs. Welch, Pump and Frick.

BRADY'S HOTEL.

DANVILLE, COLUMBIA COUNTY, Pennsylvania.

THE SUBSCRIBER respectfully informs the public, that he has removed from the town of Catawissa to Danville, and that he has purchased in that place, the Large and Commodious BRICK HOUSE, AT THE CORNER OF MILL AND MARKET STREETS, (Opposite the Court-House.) Which he has fitted up by the erection of ADDITIONAL BUILDINGS, and extensive STABLES, for the Entertainment of Travellers and Visitors. He is now prepared to accommodate all who may favor him with a call, and he would state that nothing in his power shall be left undone, to render his customers comfortable and happy while under his care. His accommodations are ample, and his rooms furnished in modern style, and the proprietor is determined that his establishment shall sustain and keep up with the growing reputation and importance of the town in which it is located.

His TABLE will be supplied with every luxury of the season, and the best and choicest variety the market can afford. His BAR will be stored with all the best articles that can be furnished by our cities, and the whole will be such as to give satisfaction to every one.

Well knowing that an enlightened public will always judge for themselves, he feels confident that they will favor him with their patronage.
SAMUEL A. BRADY.
Danville, Jan. 30.

TO TAILORS.

OLIVER'S SHOULDER MEASURE SYSTEM.
THE Subscriber has been appointed Agent for the above System, for Northumberland County, which he offers for sale to Tailors, who may desire to possess the best and latest improvement in the art of cutting garments. The following two certificates are from a committee of Merchant Tailors in Paris, who have examined the System, and highly approve of the same.
Paris, Feb. 28th, 1840.
We, the undersigned, members of the committee appointed by the members composing the "Philanthropic Society" of Merchant Tailors of Paris, certify that the System of cutting, taught by Thomas Oliver of New York, United States, has been submitted to our examination, which system we recommend as the best that has been submitted to us, in faith of which we have given him this certificate.
M. FROGE, President.
M. LAFITE, V. President.
I subscribe a certificate from M. Cutter of Paris, formerly of Boston, whose reputation is well established both in Europe and in America:
Mr. Oliver, Dear Sir, the recommendation you have obtained from the Society of Master Tailors, is from the highest in this city, and I fully agree in the opinion, that your system is the best that has ever been published.
Yours truly,
D. CUTTER.

The subscriber continues the business of TAILORING at his old stand, adjoining Rhawn's store, in Sunbury, where he will accommodate all who may call upon him in his line of business. He will regularly receive the Fashions from Mr. Oliver of New York, as soon as issued. The Spring Fashions have been received, and are now for sale.
WILLIAM BURST.
